

## Academic Kafeneion

Friday October 21, 2016  
Harvard University  
Oberon, Room 420 (4<sup>th</sup> Floor)  
2 Arrow St, Cambridge, MA  
6-8 pm

The Circle of Hellenic Academics of Boston is inaugurating a series of networking evenings among faculty, postdoctoral fellows and medical researchers of Hellenic descent or working in fields related to Hellenic culture and heritage, in the greater Boston area.

The goal of the Academic Kafeneion is to create an environment where faculty members, post-doctoral researchers and medical researchers, can meet and discuss about their research, work prospects or any other topic of common interest, over light snacks and wine.

If you are looking to:

- Meet other members and other prospective members of the Circle
- Meet and network with other academics in related research fields
- Meet others who have transitioned from post-doc to academic position
- Learn about research and job opportunities in the Boston Area

You should come to the Academic Kafeneion.

Please RSVP by joining this event on Facebook, as seats are limited.
